

BCC Care Ministry Info Winter 2026

CARE MINISTRY

A team of volunteer ministers who provide care to our congregation, such that those who receive care can experience God through community and relationship. Areas of care include: material assistance, practical help, visitation, prayer, HARRP, and side-by-side spiritual care/mentoring. This Care Ministry consolidates our existing/past work such as Stephen Ministry and Deacons, while also expanding our scope and focus. The desire is to provide support and structure for all Bethany locations around congregational care and service to assure thriving communities. Supported and led by the Pastor supervising care at each location.

CORE VALUES

Mercy. Care ministers are motivated by *love* and administered in a spirit of *grace*.

Dignity. Care ministries are founded upon the inherent *value* of every person and are committed to upholding the *dignity* of every person who is served.

Community. Care ministries best function in the context of *connection*, with acts of care being couched in a growing relationship with the care receiver. Care ministries adhere to the premise that we exist in the body to *humbly serve* one another.

Holistic Development. Care ministries are oriented around *practical and relational* care needs, though with a view to the *holistic* development and well-being of those in need.
